THE Presence

“ Experience the Cosmic space,
Come Share His Samadhi „

For over five decades, Yog~Martand Yogiraj Siddhanath (SatGurunath) has healed and transformed millions all over the world with His Shaktipaath, Pranapaath and Shivapaath, the three divine graces that are The Hallmark of a True SatGuru.

Magnanimously sharing his Samadhi (Supraconscious State No~Mind), Yogiraj has not only Empowered disciples, but also transformed world leaders and has also given an experiential discourse at the United Nations. Yet, He chooses to just be in the bosom of Mother Nature – SHAKTI and dissolve into the All Pervasive – SHIVA.

Here comes a rare opportunity to be with “The Presence” and transform in the Grace of His Sanidhya (Divine Fellowship)

MAHASHIVRATRI

Ashram~Retreat

29th February to 11th March 2024

Enter the Stream

Make a sacred journey to the Tapobhoomi (Land of Tapa) which is vibrant with Yogiraj SatGurunath's Divine Grace and permeates with SatGurumata Shivangini's Loving Care. At the Siddhanath Forest Ashram, feel the transformative energies being transmitted from the world's largest monolithic Mercury Shiva~Linga, which is Yogiraj Siddhanath's spiritual power vortex and encapsulates His Godessence. The land where happens the dawning of Shiva~Consciousness upon our Jeeva~Awareness.

Give Bliss and Receive Blessings

Realize the receiving in the gesture of giving, as you distribute books, clothes, toys and gifts to village children, orphans and feed thousands of poor village folk. The Dakshina (Donation) that you give is infinitely multiplied by the Seva (Service) you perform at the Ashram. The fragrance of wilderness interwoven with the colours of celebration on the festive fabric of MahaShivratri, is truly a unique cultural experience.

HIMALAYAN HAMSA PILGRIMAGE

11th March to 19th March 2024

“The Presence” in the Himalayas and experience the Metamorphosis of your mind becoming Consciousness ... Right There !!!

Radiant Realms of Realisation

Retrace the steps of enlightened Nath Yogis as you meditate in the mystic snow-capped mountains and temples as ancient as mankind itself. As much as the places we visit, it's the quality of meditation and time we receive with our beloved Master that matters. The environment in which SatGurunath has been doing His Tapa from many lives in the past, kindles within us the name to constantly be in search of the celestial lands within.

“We, the Hamsas, are meditated to the furthering of Human Awareness.
We, the Hamsas, are dedicated to serving Humanity as one’s larger Self.
We, the Hamsas are devoted to New Life Awakening for Earth peace
healing through Self peace healing.”
